

360 DigiTech Launches Global Offering

11月 18, 2022

SHANGHAI, China, Nov. 17, 2022 (GLOBE NEWSWIRE) -- 360 DigiTech, Inc. (NASDAQ: QFIN) ("360 DigiTech" or the "Company"), a leading Credit-Tech platform in China, today announced the launch of its global offering (the "Global Offering") of 5,540,000 Class A ordinary shares of the Company, which comprises a Hong Kong public offering of initially 560,000 Class A ordinary shares commencing today (the "Hong Kong Public Offering") and an international offering of initially 4,980,000 Class A ordinary shares commencing today (the "International Offering"), and listing of the Company's Class A ordinary shares on the Main Board of The Stock Exchange of Hong Kong Limited (the "Hong Kong Stock Exchange") under the stock code "3660."

The Company's American depositary shares (the "ADSs"), each representing two Class A ordinary shares of the Company, will continue to be listed and traded on the Nasdaq Global Select Market (the "Nasdaq"). Investors in the Global Offering will only be able to purchase Class A ordinary shares and will not be able to take delivery of ADSs. Upon listing in Hong Kong, the Class A ordinary shares listed on the Hong Kong Stock Exchange will be fully fungible with the ADSs listed on the Nasdaq.

The initial number of Class A ordinary shares under each of the Hong Kong Public Offering and the International Offering represents approximately 10% and 90% of the total number of Class A ordinary shares initially available under the Global Offering, respectively, subject to re-allocation and over-allotment. Subject to the level of oversubscription in the Hong Kong Public Offering and pursuant to the claw back mechanism as described in the prospectus to be issued by the Company in Hong Kong dated November 18, 2022, the total number of Class A ordinary shares available under the Hong Kong Public Offering could be adjusted to up to a maximum of 2,770,000 Class A ordinary shares, representing approximately 50% of the Class A ordinary shares initially available under the Global Offering. In addition, the Company expects to grant the international underwriters an over-allotment option to require it to sell up to an additional 830,000 Class A ordinary shares of the Company in the International Offering, representing approximately 15% of the total number of Class A ordinary shares initially available under the Global Offering.

The offer price for the Hong Kong Public Offering (the "Hong Kong Offer Price") will be no more than HK\$88.80 per Class A ordinary share, or US\$11.31 per Class A ordinary share (equivalent to US\$22.62 per ADS) (the "Maximum Hong Kong Offer Price"). The offer price for the International Offering tranche of the Global Offering (the "International Offer Price") may be set higher than, or the same as, the Maximum Hong Kong Offer Price. The Company will set the International Offer Price on or about November 23, 2022, Hong Kong time, by taking into consideration, among other factors, the closing price of the ADSs on the Nasdaq on the last trading day on or before November 23, 2022 and investor demand during the marketing process. The final Hong Kong Offer Price will be set at the lower of the final International Offer Price and the Maximum Hong Kong Offer Price. The shares will be traded in board lots of 50 Class A ordinary shares.

The Company plans to use the net proceeds from the Global Offering for its research and development to enhance its technology and credit assessment capabilities, and develop more diversified technology solutions in response to the evolving needs of financial institutions and fine-tune its services and solutions; for further penetrating the Credit-Tech Industry and expanding user base; and for general corporate purposes and working capital needs.
